Responsible To:	Event Manager/Team Leader/Transport Manager

About the Enchanted Forest

Returning in October 2023, Scotland's favourite sound and light show, The Enchanted Forest, fuses creative talents and nature together to create an outdoor experience that will set visitors imagination alight. The Enchanted Forest is renowned internationally as a trailblazer of son et Lumiere displays, with thousands of visitors travelling to Scotland from around the globe to see it every year.

Featuring dazzling visuals and innovative design set against an original musical score, visitors can explore the stunning autumn woodland setting of Forest and Land Scotland's Faskally Wood near Pitlochry. Using the forest as a natural backdrop, they will experience a lighting show that is, quite simply, out of this world. Look up, you'll be inspired.

The event has swept the board at a number of prestigious award ceremonies over its 20-year history.

Visitors meet in Pitlochry where they are transferred by bus to the Enchanted Forest. During their bus transfer, visitors listen to recorded information, setting the scene for the enchantment that awaits them.

Upon arrival, visitors are met by our arrivals team who will safely escort them to the entrance of the forest where they are free to follow the paths around Loch Dunmore to view the Enchanted Forest at their leisure.

When our visitors are ready to leave, they are transferred by bus back to Pitlochry.

Role

This is an exciting opportunity to join our events team. As a Steward you will play a key role in ensuring the smooth and effective delivery of the event with the highest standard of customer care as well as ensuring the safety and welfare of our visitors and your team members.

This is a customer facing role and you must have a passion for providing outstanding customer service and have excellent interpersonal, communication and problem-solving skills to allow you to deal effectively with customer enquiries and ticketing queries.

You will be allocated a team to work with and will be required to work on a rota basis which covers several different areas within your team. All necessary training will be provided.

Key Responsibilities and Duties
